Extract of U O.No C E 4-1023/48-49 dated 17-11-48 of the Director of Public Health in Mysore (D No Ml 1668)

Retransmitted with compliments

Tarikere is a major Municipality with an income of over Rs 30,000/- As per Government Order No L 8891-8902/Ml 199-35-5 dated 20th May 1936, this Municipality should maintain a senior Health Inspector on its staff From the letter of the Deputy Commissioner, Chickmagalur District, it is seen that he recommends that, as a First Grade Chief Officer has been appointed to the Municipality, they may be given the option to appoint a junior Health Inspector I cannot agree with the suggestion of the Deputy Commissioner One of the major functions of the Municipality is to maintai and promote health and sanitation of the town and the object of posting a senior Health Inspector to a Major Municipality is because the responsibilities there are more than in the minor Municipalities

Further, in this connection, reference is invited to this offic No C E 4-2304/47-48 dated 26th April 1948 in respect of Kolar Gold Fields Sanitary Board stating that if local bodies are permitted to employ only junior Health Inspectors in place of seniors it will not be possible administratively to find places for senior officials and keep up the ratio of the senior and junior Health Inspectors in the proportion of 1 2 as already sanctioned by Govenrment It is also with this object in view, that Government have sanctioned the appointment of a senior Health Inspector for Major Town Municipalities with an income of pver 10,000 per annum

If an exception is made in this case, it is almost certain other local bodies will also ask for junior men in place of senior officers in order to reduce the expenditure

As per the Public Health Act, the Municipalitiee are expected to spend a certain percentage of their revenue on the improvement of Health and Sanitation and if this is insisted upon, it will ~~be~~ not be difficult to meet the expenditure on this account I am, therefore, not in favour of appointing junior Health Inspectors in place of senior Health Inspectors in major Municipalities

Though this Town has water supply through taps, it has no adequate drainage, with the result that there is stagnation of water near street taps and surplus and sullage water does not freely flow away The first stage of drainage scheme for the town was completed but the second stage is not yet taken up inspite of repeated representations As the Municipality is prepared to pay the share of quota it is earnestly requested that this II stage of drainage scheme be taken on hand immediate ly The present stateof health of this town is causing anxiety for want of good surface drainage

Originally, a Junior Sanitary Inspector was working in this Municipality to our satisfaction But thinking that matters would further improve, the Council requested and a Senior Sanitary Inspector on Rs 35/- a month (old grade) was posted The Municipality with its existing financial commit- rents and limited income, is finding itself unable to pay the revised grade of Rs 80-5-120 to the Senior Sanitary Inspector It is submitted that a Junior Sanitary Inspector may kindly be posted to this town

Sir,

Sub Posting of a Junior Health Inspector to Closepet Town Municipality-Memorandum presented on 12-7-48 by the Municipal Councillors of Closepet to the Minister for Public Health regarding the:-

2313

Adverting to your letter No L. 4883 dated 5-11-48 addressed to the Director of Public Health in Mysore Bangalore and forwarding a copy of it to this office on the above subject, I write to state that the Council are repeatedly urging for the posting of a Junior Health Inspector to their Municipality and their representatation deserves consideration in view of the fact that a chief officer has already been posted and is now working in the Municipality and that there is therefore no need for a Senior Health Inspector.

The Senior Health Inspector now working in this Municipality may kindly be caused to be transferred elsewhere and a Junior Health Inspector posted in his office

Yours faithfully,

Deputy Commissioner, 19/11/48

SIR,

Subject: Posting of a Junior Health Inspector to Ramanagar (closepet) Town Municipality.

With reference to your letter No.M6.215-2081/48-49 dated 18-11-1948 on the above subject, I am directed to invite reference to Government Order No.L.8891-8902/ML.195-35-5 dated 20th May 1936 according to which Municipalities with an annual income of over Rs.10,000/- are expected to employ only Senior Health Inspectors. Ramanagar is an important town with a population of over 8880 according to the municipal census of 1941 and an income of over Rupees one lakh as seen by its Budget sanctioned for 1948-49. Government consider that it is desirable to have a senior Health Inspector instead of a Junior Health Inspector in the interests of the sanitation and public health of the town. Further, under the provisions of the Public Health Act the Municipalities are expected to spend a certain percentage of their revenues on the improvement of Health and Sanitation of the place. Having regard to these circumstances, the proposal of the Municipal Council to have a Junior Health Inspector in place of Senior Health Inspector does not commend itself to Government. This decision of Government may be communicated to the Ramanagar Town Municipal Council.
